

Merlin — Customer Journey Domains

Customer identity, ticket, booking, loyalty, and support journeys mapped to five headline domains for scope alignment and stakeholder presentation.

Journey domain overview

Customer-facing domains sit on **Identity & Access**. **Support & Operations** is cross-cutting — it enables, monitors, and maintains all domains (not a downstream step after tickets or bookings).

#	Domain	Scope	Relationship
1	Identity & Access	Registration, login, recovery, profile	Foundation — required before other journeys
2	Ticket & Pass Management	Tickets, passes, wallet, barcodes	Capability domain (post-login)
3	Booking Management	View, amend, pre-booking	Capability domain (post-login)
4	Loyalty & Membership	Future roadmap	Capability domain (post-login)
5	Support & Operations	Support, incidents, CIAM administration	Cross-cutting — spans all domains

1. Identity & Access

New customer registration

```

flowchart LR
  A[Visitor] --> B[Register]
  B --> C[Identity Created in Ping]
  C --> D[Profile Created]
  D --> E[MyAccount Activated]

```

Customer login

flowchart LR

```
A[Customer] --> B[Login]
B --> C[Ping Authentication]
C --> D[SSO Session Created]
D --> E[MyAccount Dashboard]
```

Passwordless login

flowchart LR

```
A[Customer] --> B[Enter Email]
B --> C[Receive OTP]
C --> D[Validate OTP]
D --> E[Login Successful]
```

Forgot password / account recovery

flowchart LR

```
A[Customer] --> B[Forgot Password]
B --> C[Identity Verification]
C --> D[Reset Credentials]
D --> E[Login]
E --> F[Account Access Restored]
```

Profile management

flowchart LR

```
A[Customer] --> B[My Profile]
B --> C[Update Details]
C --> D[Validate Changes]
D --> E[Save Profile]
```

Identity lifecycle management

flowchart LR

```
A[Customer] --> B[Account Changes]
B --> C[CIAM Profile Update]
C --> D[Downstream System Synchronisation]
```

2. Ticket & Pass Management

View tickets

flowchart LR

```
A[Customer] --> B[Login]
B --> C[Retrieve Tickets]
C --> D[Display Active Tickets]
```

View annual pass

flowchart LR

```
A[Customer] --> B[Login]
B --> C[Retrieve Pass Details]
C --> D[Display Pass Status]
```

Add pass to Apple Wallet

flowchart LR

```
A[Customer] --> B[View Pass]
B --> C[Generate Wallet Pass]
C --> D[Add to Apple Wallet]
D --> E[Wallet Pass Available]
```

Add pass to Google Wallet

flowchart LR

```
A[Customer] --> B[View Pass]
B --> C[Generate Wallet Pass]
C --> D[Add to Google Wallet]
D --> E[Wallet Pass Available]
```

Barcode access journey

flowchart LR

```
A[Customer] --> B[Open Ticket/Pass]
B --> C[Display Barcode]
C --> D[Scan at Attraction]
D --> E[Entry Granted]
```

Pass renewal

flowchart LR

```
A[Customer] --> B[Renew Pass]
B --> C[Update Entitlements]
```

```
C --> D[Update Wallet Pass]
D --> E[Access Continues]
```

3. Booking Management

View existing bookings

```
flowchart LR
    A[Customer] --> B[Login]
    B --> C[Retrieve Bookings]
    C --> D[Display Booking History]
```

Manage booking

```
flowchart LR
    A[Customer] --> B[Select Booking]
    B --> C[Modify Booking]
    C --> D[Confirm Changes]
    D --> E[Updated Booking]
```

Pre-booking integration

```
flowchart LR
    A[Customer] --> B[Pre-Booking Portal]
    B --> C[Authenticate via CIAM]
    C --> D[Booking System]
    D --> E[Booking Confirmed]
```

4. Loyalty & Membership (*future state*)

Loyalty enrolment

```
flowchart LR
    A[Customer] --> B[Join Loyalty Programme]
    B --> C[Create Loyalty Profile]
    C --> D[Earn Rewards]
```

Reward redemption

```
flowchart LR
    A[Customer] --> B[View Rewards]
    B --> C[Select Reward]
```

C --> D[Redeem Reward]
D --> E[Updated Balance]

5. Support & Operations

Customer support journey

flowchart LR

A[Customer] --> B[Raise Issue]
B --> C[Support Team]
C --> D[Investigation]
D --> E[Resolution]
E --> F[Customer Notified]

Account access issue

flowchart LR

A[Customer] --> B[Login Failure]
B --> C[Support Investigation]
C --> D[Identity Validation]
D --> E[Access Restored]

Incident management

flowchart LR

A[Monitoring Alert] --> B[L2 Support]
B --> C[L3 Engineering]
C --> D[Fix Implemented]
D --> E[Service Restored]

CIAM configuration change

flowchart LR

A[Business Requirement] --> B[CIAM Engineer]
B --> C[Configure Journey/Policy]
C --> D[Test]
D --> E[Deploy]

Feature delivery

flowchart LR

A[Product Requirement] --> B[Design]
B --> C[Development]
C --> D[Testing]

```
D --> E[Deployment]
E --> F[Production]
```

Knowledge transfer

```
flowchart LR
    A[Incumbent Supplier] --> B[Shadowing]
    B --> C[Reverse Shadowing]
    C --> D[Knowledge Validation]
    D --> E[Ownership Transfer]
```

Domain-to-brief mapping

```
flowchart TB
    subgraph Brief["Brief scope"]
        B1[Customer identity]
        B2[Digital tickets & passes]
        B3[Bookings]
        B4[Loyalty roadmap]
        B5[Support & platform ops]
    end

Journey inventory

Domain	Journey	Primary actor
Identity & Access	New customer registration	Visitor
Identity & Access	Customer login	Customer
Identity & Access	Passwordless login	Customer
Identity & Access	Forgot password / account recovery	Customer
Identity & Access	Profile management	Customer
Identity & Access	Identity lifecycle management	Customer / CIAM
Ticket & Pass	View tickets	Customer
Ticket & Pass	View annual pass	Customer
Ticket & Pass	Add pass to Apple Wallet	Customer
Ticket & Pass	Add pass to Google Wallet	Customer
Ticket & Pass	Barcode access	Customer / Attraction
Ticket & Pass	Pass renewal	Customer
Booking	View existing bookings	Customer
Booking	Manage booking	Customer
Booking	Pre-booking integration	Customer
Loyalty (<i>future</i>)	Loyalty enrolment	Customer
Loyalty (<i>future</i>)	Reward redemption	Customer
Support & Ops	Customer support	Customer / Support
Support & Ops	Account access issue	Customer / Support
Support & Ops	Incident management	Engineering
Support & Ops	CIAM configuration change	CIAM Engineer
Support & Ops	Feature delivery	Product / Engineering
Support & Ops	Knowledge transfer	Supplier / Merlin team
